

# Highlander Boys Summer Water Polo

The Upland High School boy's water polo team invites you to become one of its members this summer. We have won nine Baseline League Champions and have been CIF Champions. We were victorious in the final game in 1999. We are looking to maintain the high level of play that has become synonymous with Upland High School Water Polo for years to come and we need another excellent group of freshman athletes to help us in this cause. We play games all summer, not just practice. If you are ready to try a new sport where everyone starts from the same point, water polo is for you. Only one member of the current varsity roster had ever played water polo before his freshman year at UHS. Every junior player that started playing water polo in ninth grade at UHS has already made the varsity team or will letter this year.

The summer program is open to anyone who wishes to work hard, learn a new game and become a better swimmer.

**NO EXPERIENCE NECESSARY!**

**The wearing of "Speedo" swim trunks is not required!**

You can wear board shorts or any other type of swim wear.

**There Will Be a Mandatory Meeting Monday June 23 at 6:30 pm in the bleachers above the pool**

Anyone interested should come to the UHS pool on the meeting night for more information. The coaching staff realizes that family vacations and other commitments will interfere with summer water polo and will be somewhat flexible.

Every boy who wishes to play water polo must become a member of United States Water Polo. The membership forms will be available the first week of practice. The fee for this is \$25. Also, the tournaments and summer leagues charge us for our entry so an additional \$100 is charged to each athlete.

Bring your friends and let's have a great summer learning the best sport you will ever play!!
